							Plus high heels								

Waist: Measure around the smallest part of your waistline with one finger between your body and the measuring tape.

Hip: Stand with your heels together, keeping tape straight and parallel to the floor. Measure around the fullest part of your hips.

Hollow to Hem: This measurement refers to the distance between the hollow of your collarbone to the floor.

Waist to Hem. Measure from the waist down to your desired skirt length

Sleeve Length: Measure from the top of angle of your shoulder and down the side of your arm to the desired length that your require your sleeve. Please note jackets and coats will normally come to the middle of your hand.
